

CHICKADEE COWL
By Kirsten Kapur for
Through the Loops!

On the coldest days of winter cowls provide warmth and protection from bitter winds. As the weather starts to warm in the spring, cowls add a touch of color, style and comfort.

The perfect project for stash busting, the Chickadee Cowl uses one skein of bulky weight yarn. The linen stitch pattern is ideal for variegated yarns, as it breaks up pooling and adds textural interest.

Worked at a bulky gauge, this project will be finished quickly. Be sure to have two or three cowls on hand. You'll want to wear one every day.
